CHILDREN SWARMED through the woods last Saturday at the Northern Illinois Conservation Club's annual egg hunt. And look who came to help them (back row, from left): Mrs. Cookie Monster, from Fox Lake; Ajule the Clown, from Antioch, and Peedie Dink, who came all the way from Chicago to join in the fun. They posed with (front row from left): Jason and Jayme Johnson, and Scott Johnson (no relation to Jason and Jayme).

Antioch Man Killed by Hit-Run Car

A 50-year-old Antioch man, George T. Atkinson, was killed early Sunday when he was struck by a car as he walked on Rt. 83, south of Antioch.

Sheriff's deputies said the car that hit Atkinson kept on going, making it a hit-and-run accident. They said the car was white.

Deputies said there were no skid marks indicating an attempt to avoid hitting Atkinson. The fatal accident happened north of Grass Lake Rd.

Atkinson was found in the middle of the road. Another driver said he had passed Atkinson earlier while he was walking on the east shoulder of the road.

Deputies said Atkinson may have been walking home from a tavern in the area.

He lived at 887½ Main St. and worked at Pickard China in Antioch since 1968.

Obituary information appears elsewhere in today's paper. Funeral services are scheduled this morning at the Strang Funeral Home.

sharing funds which he said are available.

The fence apparently will cost \$7 a foot and it will take 2,000 feet of fencing to enclose the park.

The trustees passed Seemann's motion.

WALTER SHEPARD, superintendent of public works, was authorized to draw up specifications for the fence. Shepard said he is also working on getting a drinking fountain in the park as soon as possible, and that village crews will collect the garbage there every morning and secure the cans so they can't be tipped. No washroom facilities are planned for the park this year.

Shepard suggested that perhaps the police could check the park more frequently for vandals.

The village board also opened bids for blacktopping and fencing of the tennis courts. The bids will be turned over to the park board for consideration.

In another matter, trustee Michael J. Haley moved to appropriate \$85,000 for the Anita St. drainage problems. The motion was passed. Haley said the village will seek motor vehicle tax money for the project and explained that "we can't pave the road till we get rid of the storm water."

Johnny Appleseed Arrives Saturday

That legendary character, Johnny Appleseed, will be seen planting trees around Antioch township Saturday and next Monday.

In full costume, Johnny is being brought here for the Antioch Bicentennial Commission by the Northern Illinois Conservation Club.

He will begin planting on Saturday for the winners of 100 apple trees donated by the local banks. The winners have been notified.

Next Monday, Johnny will really be busy. He will plant an additional 50 trees at the seven local grade schools. Dave Bushing is chairman of the event.

A frontier nurseryman and folk character, Johnny Apple-

seed was born John Chapman in Leominster, Mass., in 1774. Please turn to page 2

Antioch News Offices To Close for 5 Days

By JERRY PFARR

The offices of the Antioch News will be closed from Wednesday, Apr. 21, through Sunday, Apr. 25.

We'll open again Monday morning, Apr. 26, to put out next week's issue.

We hope this won't inconvenience you. To get something in next week's paper, just put it in the mail, or phone or stop in next Monday morning.

The end of April marks 24 months since we took over the publishing of the Antioch News. The acceptance we have received from both readers and advertisers has been extremely encouraging. You've shown us that we're Antioch's best-read and most-enjoyed newspaper.

That's why we're taking the five days off. So that we can start our third year with a zest that will make the Antioch News even more readable and more enjoyable. We're only here because you've befriended us. Thanks, sincerely,

Johnny Appleseed

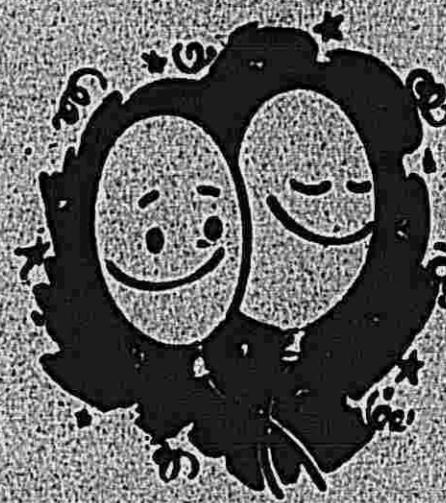

Continued from page 1

1774. During the first 40 years of the 19th century, he gathered appleseeds at the cider mills in Pennsylvania and walked through the unsettled wilderness planting them from Ohio into Indiana and Illinois. Later he would return to tend the trees he had planted.

Johnny spent 25 of his wandering years in north central Ohio, where legends about him started. His apple-tree enthusiasm, bare feet, unwillingness to carry a gun, kindness to animals, generosity to the poor, religious views, and

friendliness with hostile Indians started the lively folk tales that survive in books and in the cartoon character of Walt Disney.

In the war of 1812, he is credited with saving the town of Mansfield, Ohio, from massacre by running 60 miles through the night to get help at Mount Vernon.

Head-On Crash Kills Young Lake Villa Man

A young Lake Villa man, Donald B. Sparrowgrove, 20, was one of two persons killed last Friday night in a head-on collision on Rt. 59, about a mile north of Rt. 132, near Antioch.

Sparrowgrove, of 1706 Carson St., was pronounced dead on arrival at St. Therese hospital. He was the driver of one of the cars.

Also killed in the accident was Thomas Hupfauer, 13, of Ingleside, the son of Mrs. Carol Hupfauer, the driver of the other car.

Mrs. Hupfauer was taken to St. Therese Hospital where she was reported to be in fair condition.

Sheriff's Deputies said Mrs. Hupfauer's station wagon, southbound on Rte. 59, went off the shoulder of the road and when she attempted to regain control the station wagon went into the opposite lane and crashed head-on into Sparrowgrove's northbound car.

The deputies said Diane Sparrowgrove, 24, Donald's sister, was following her brother in a third car.

She went into shock after witnessing the accident and was taken to St. Therese where she was treated and released.

Woman, 22, Dies at Home

A 22-year-old Antioch woman, Mrs. Nadine P. Pingel, died unexpectedly Monday afternoon in her home.

She lived at 339 Ida Ave. Mrs. Pingel is survived by her husband, Martin, and two daughters, Jennifer, 5, and Lisa, 2.

Funeral arrangements are being made by the Hamsher Funeral Home in Fox Lake.

Rescue Squad

Total: 218

The Antioch Rescue Squad had 13 calls last week, 12 for first aid and one to assist at an accident.

The squad now has made 218 calls in the first 15 weeks of this year.

the SOVEREIGN STATE of AFFAIRS

Soviet Union 'Far Stronger' Than the U.S.

By SEN. BARRY GOLDWATER

In one sense, the SALT talks aimed at reducing strategic weapons are an exercise in futility. This conclusion is about the only one you can reach if you believe the comments of Soviet writer Alexander Solzhenitsyn.

He says the Russians really have no need for nuclear arms because they can defeat the United States in any military confrontation with their "bare hands."

THE POINT is well taken. It becomes more apparent every day that the Russians believe there will never be a nuclear war. Consequently, they are building their strength in the kind of conventional weapons

BARRY GOLDWATER

that will be used in the settlement of disputes around the world.

Solzhenitsyn believes the lack

of American will is another weapon in the Soviet Union's bare hands. He points out the Soviet Union and its followers expect victory in Italy, France and Portugal without even the threat of nuclear confrontation.

SO WHILE we debate and wrangle about numbers of missiles and nuclear warheads, the Soviet Union quietly goes about the business of building infantry divisions, tank corps, fighter planes and a navy second to none.

The Soviet Union literally shrieks its belief that if nuclear war ever came the United States would never originate it or sanction such an action on the part of its allies.

The balance of power is changing in the world, and the Soviet Union is bringing about that change with the tried-and-true weapons of warfare - the "bare hands" mentioned by Solzhenitsyn.

IN NEARLY every category of conventional weapons the Soviet Union is far stronger than the United States. It is capable, for example, of overrunning Western Europe with its men, tanks and fighter planes and without recourse to any kind of nuclear action.

It is also capable of forcing its will in the Mediterranean where a large section of the new Soviet fleet is positioned. And if we don't move with determination it will have the same kind of implied control over the Indian Ocean and other strategic waterways of the world.

letter to the editor

Commends Grass Lake Superintendent

To the Editor,

There has been a vocal minority that has been heard about our community here in the Grass Lake School District.

It seems that there are those people who do not feel that the administration of Dr. Paulausky is "all things for students," especially those that don't agree with all points of his program which is designed to bring the students and the faculty together through sound discipline and the reasonable and consistent execution of it.

The total morale of the student body has been lifted 100 percent this past school year and many students with back-sliding grades last year turned around 180 degrees towards scholastic improvement this year.

The fact of the matter is that Dr. Paulausky looks beyond the present and into the future of a student's life, and attempts to build, rather than tear down, a young person's impression of fairness and logic about right and wrong, law and order, sportsmanship, citizenship and the like.

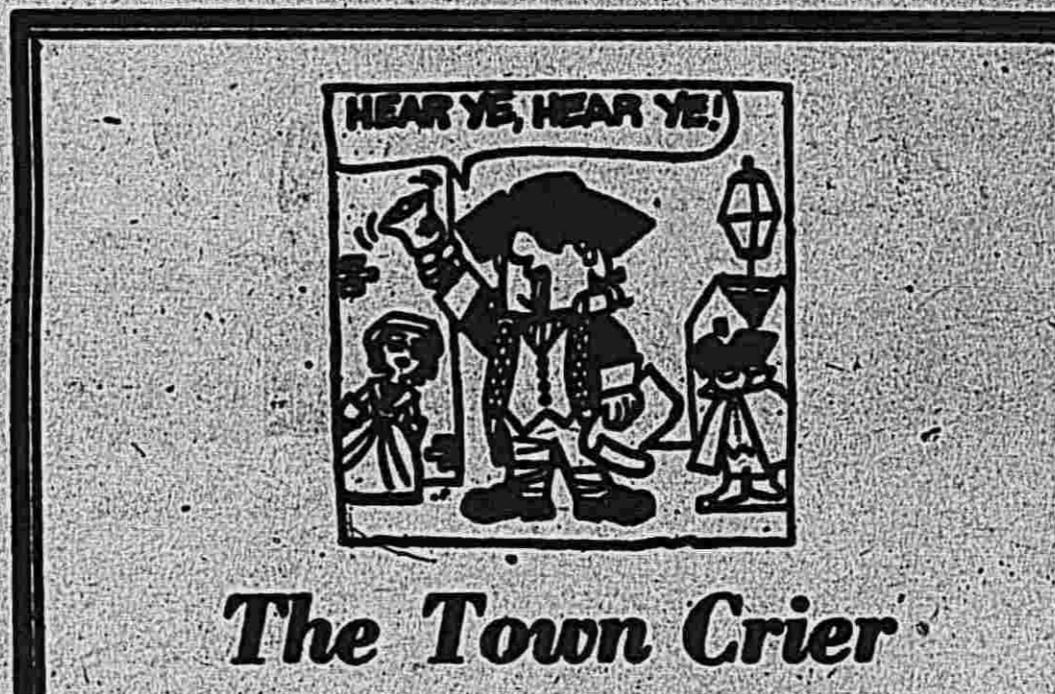

I'm sure that I speak for the silent majority of concerned parents and the majority of the student body and faculty when I say that Dr. Paulausky is to be commended for a fine job, and he must be urged to return next fall to continue his excellent programs which have reversed a deteriorative condition that was quite obvious to the school board and most observant parents of our district.

The Town Crier

Has it occurred to you that this switch to the metric system might be a Communist plot?

They're splitting the country in half. Us folks who are middle-aged and older aren't talking the same language as our kids anymore.

A little boy came home from school the other day and told his Mom:

"Peter Piper picked 8.81 liters of pickled peppers."

If the kid doesn't shape up and talk English, she ought to beat him to within 2.54 centimeters of his life.

We heard a young girl singing an old song the other day and it came out like this:

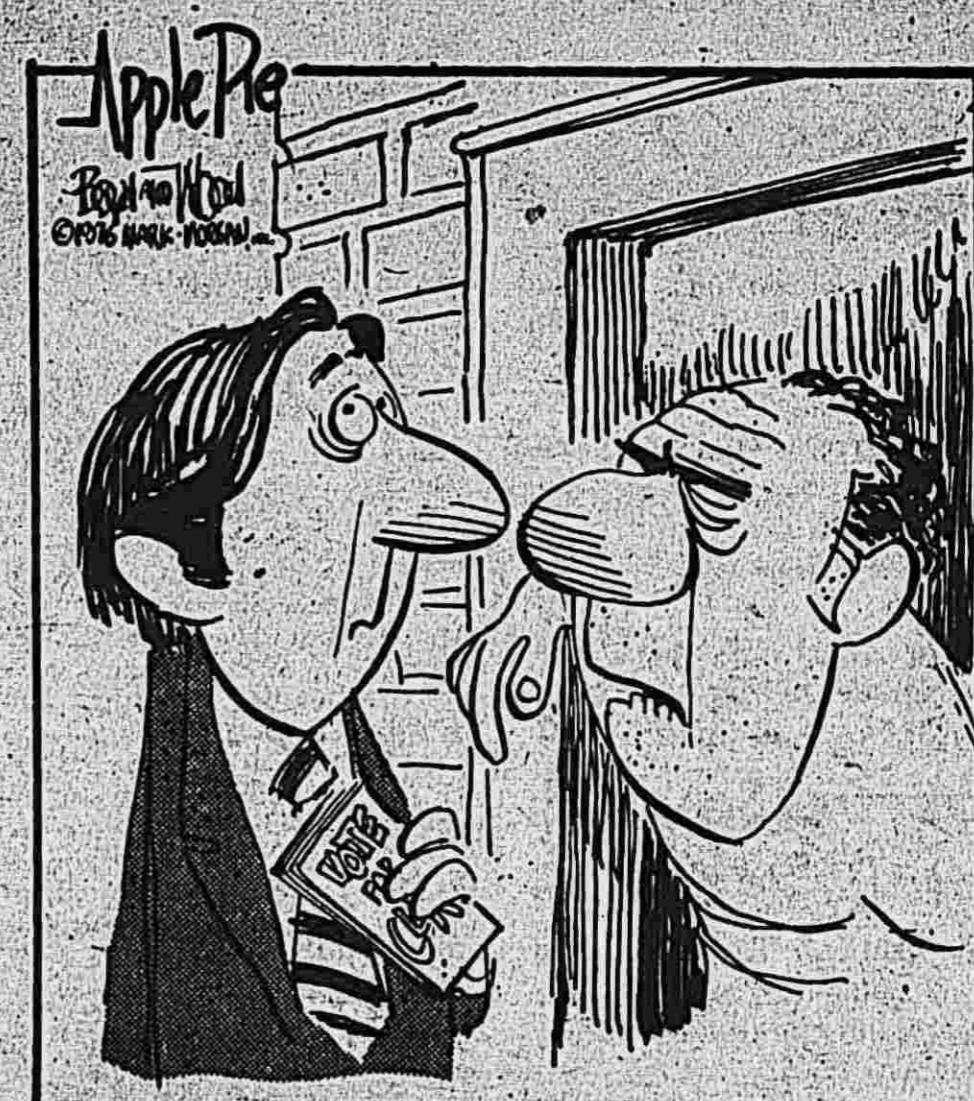

"I love you a hecklotter, a decaliter and a hug around the neck."

We've got to put a stop to this. You give those kids 2.54 centimeters and they'll take 1.609 kilometers.

We played golf the other day and the sign at the tee said, par 3, 122 meters. So what club do you use?

At the risk of putting a third of a meter in my mouth, right now I'd just like to walk a mile for a camel. Or go down to the pub and order a liter of whiskey.

70 YEARS AGO: APR. 19, 1906

So serious is the condition resulting from the great number of dogs in Waukegan that women in some parts of the city are beginning to fear walking along the street because they fear they will be set upon by these animals.

The Antioch Village election for the purpose of electing village officers was held at the village hall on Tuesday, with the number of votes cast being 139. The number a year ago was 132.

20 YEARS AGO: APR. 19, 1956

Mr. and Mrs. Louis Bauer, who since 1938 have operated the Snowwhite ice cream plant and soda fountain on Main St., have sold it and their Snowwhite store at Twin Lakes to Thomas and Ann Demes of Lake Shangri La.

In what is believed to have been the largest vote ever recorded by the Antioch Township High School District, two new members, Dr. Richard Carlucci and Mrs. Ruth Seyfarth, were elected to the board of education. Re-elected was Roman Vos, whose vote was the highest of the seven candidates.

10 YEARS AGO: APR. 21, 1966

This issue of the Antioch News is unique - it's the first one to be printed at our new building at 966 Victoria St. After 35 years at 928 Main St., we're moving to a new home.

Gov. Otto Kerner was on hand last Saturday night at Lorenz's restaurant to congratulate chairman Annette Lubkeman on the success of the Mental Health Ball.

and members of industry have asked the village to improve it.

A PUBLIC hearing on the new official map for the village will be held at 7 p.m. on Monday, May 17. A regular village board meeting will be held at 8 o'clock that night.

Antioch Bowling Lanes wants to be annexed to the village and the petition was turned over to the zoning board, which will set a public hearing.

The village also will advertise for bids for a dump truck and a police car. The bids will be opened at the May 17 meeting.

Haley said he attended a presentation on a proposal for a Lake County Council of Government and said it would only "provide another layer of government we don't need." The other five trustees went on record against the idea and Mayor Robert C. Wilton, although he couldn't vote, said he agreed with Haley's view.

Haley also said the village will get quotes from radio companies for a low-band UHF radio system for village vehicles.

"We're having problems with our present CB radio system," Haley said. "CB has become so popular, we can't get on there when we want to. So we need a more sophisticated type of system."

Women of The Moose

April's Membership Chapter Night program attracted 44 co-workers.

Norma Lowe, pro-tem chairman introduced her committee.

The College of Regents chairman, Karen Bartuska, announced that her committee is sponsoring a wine tasting party and dance, assisted by the Loyal Order, on May 8.

Forty-two co-workers attended the April business meeting. Four new members were enrolled into the chapter: Marie McLellan, sponsor - Lillian Sorensen; Jean Hansen, sponsor - Betty Schuelmeister; Judith Kelly, sponsor - Elizabeth Andersen, and Hilda H. Meyer, sponsor - June Ballenger.

Chris Priller and Tina Zickus were presented with their chapter pins.

Co-workers contributing to the birthday fund and receiving gifts from the chapter were Louise Stenberg, Lillian Sorensen, Harriet Grewe, Marjorie Hansen, Judith Page and Stephanie Polson.

On May 2 the Academy of Friendship will be held in Milwaukee at the Moose Home. Six new members will receive this degree. They are Lillian Sorensen, Mary Galster, Evelyn Lowe, Anita Wisniewski, Louise Imburgia and Pearl Roach. All Friendship members may attend. No bus has been chartered.

THE 5-FOOT BUNNY, the Easter attraction at the Piggy Bank Discount Store, 896 Main St., was won by Mary Carney of 503 Crest Lane. Her sons, Billy and Bobby, were there to haul it home. They posed with Dave Zickus (right), owner of the Piggy Bank.

Pupil's Life Saved By Local Teacher

Kay DeRousse of Antioch, a mathematics teacher at Newport school, has been credited with saving the life of an eighth grade student.

Linda Miller inhaled a piece of candy during class and began turning blue when her breathing became blocked.

Mrs. DeRousse quickly used a recently-developed first aid technique to dislodge the candy and restore the girl's normal breathing.

Mrs. DeRousse told reporters

she got behind Linda, brought her arms together around her waist and administered a sharp push to Linda's diaphragm with her fist. At the same time she sent another student for help from the school's office.

Rescue Squad paramedics have said that the old practice of hitting someone on the back is not encouraged, because it could worsen the situation.

Mrs. DeRousse said she isn't sure where she learned the correct method. Possibly from reading a magazine, she said.

Coloring Contest Has 3 Winners

All entries for the Easter Coloring Contest at the First National Bank of Antioch were on display in the bank lobby on last Friday, ready for judging by Antioch High School juniors and art students Kathy Stagg and Wynn Vos.

First prize went to Ann Stramaglia of Franklin Park. Ann's entry was brought in by her grandmother, Evelyn Frazier of Antioch. Ann is an 11-year-old 5th grader at Roy School in Northlake. She recently won a special citation for art and was asked to enter her artwork in a Bicentennial Art Show.

Besides her interest in art she is a member of the school chorus and Girl Scout Troop 714. As first place winner Ann received \$15 in cash and a 50th Anniversary Barrel Coin Bank.

Second place went to 5-year-old Becky Lasco of Antioch, who won \$10 in cash and a 50th Anniversary Barrel Coin Bank. Third prize went to Tom Howes of Lake Villa, who won \$5 in cash and a 50th Anniversary Barrel Coin Bank.

Gail Heath Heads Grade School Board

Gail Heath was elected president of the Antioch Grade School District's board of education last week.

She replaces Gerald Vander Meer, who did not seek re-election this year.

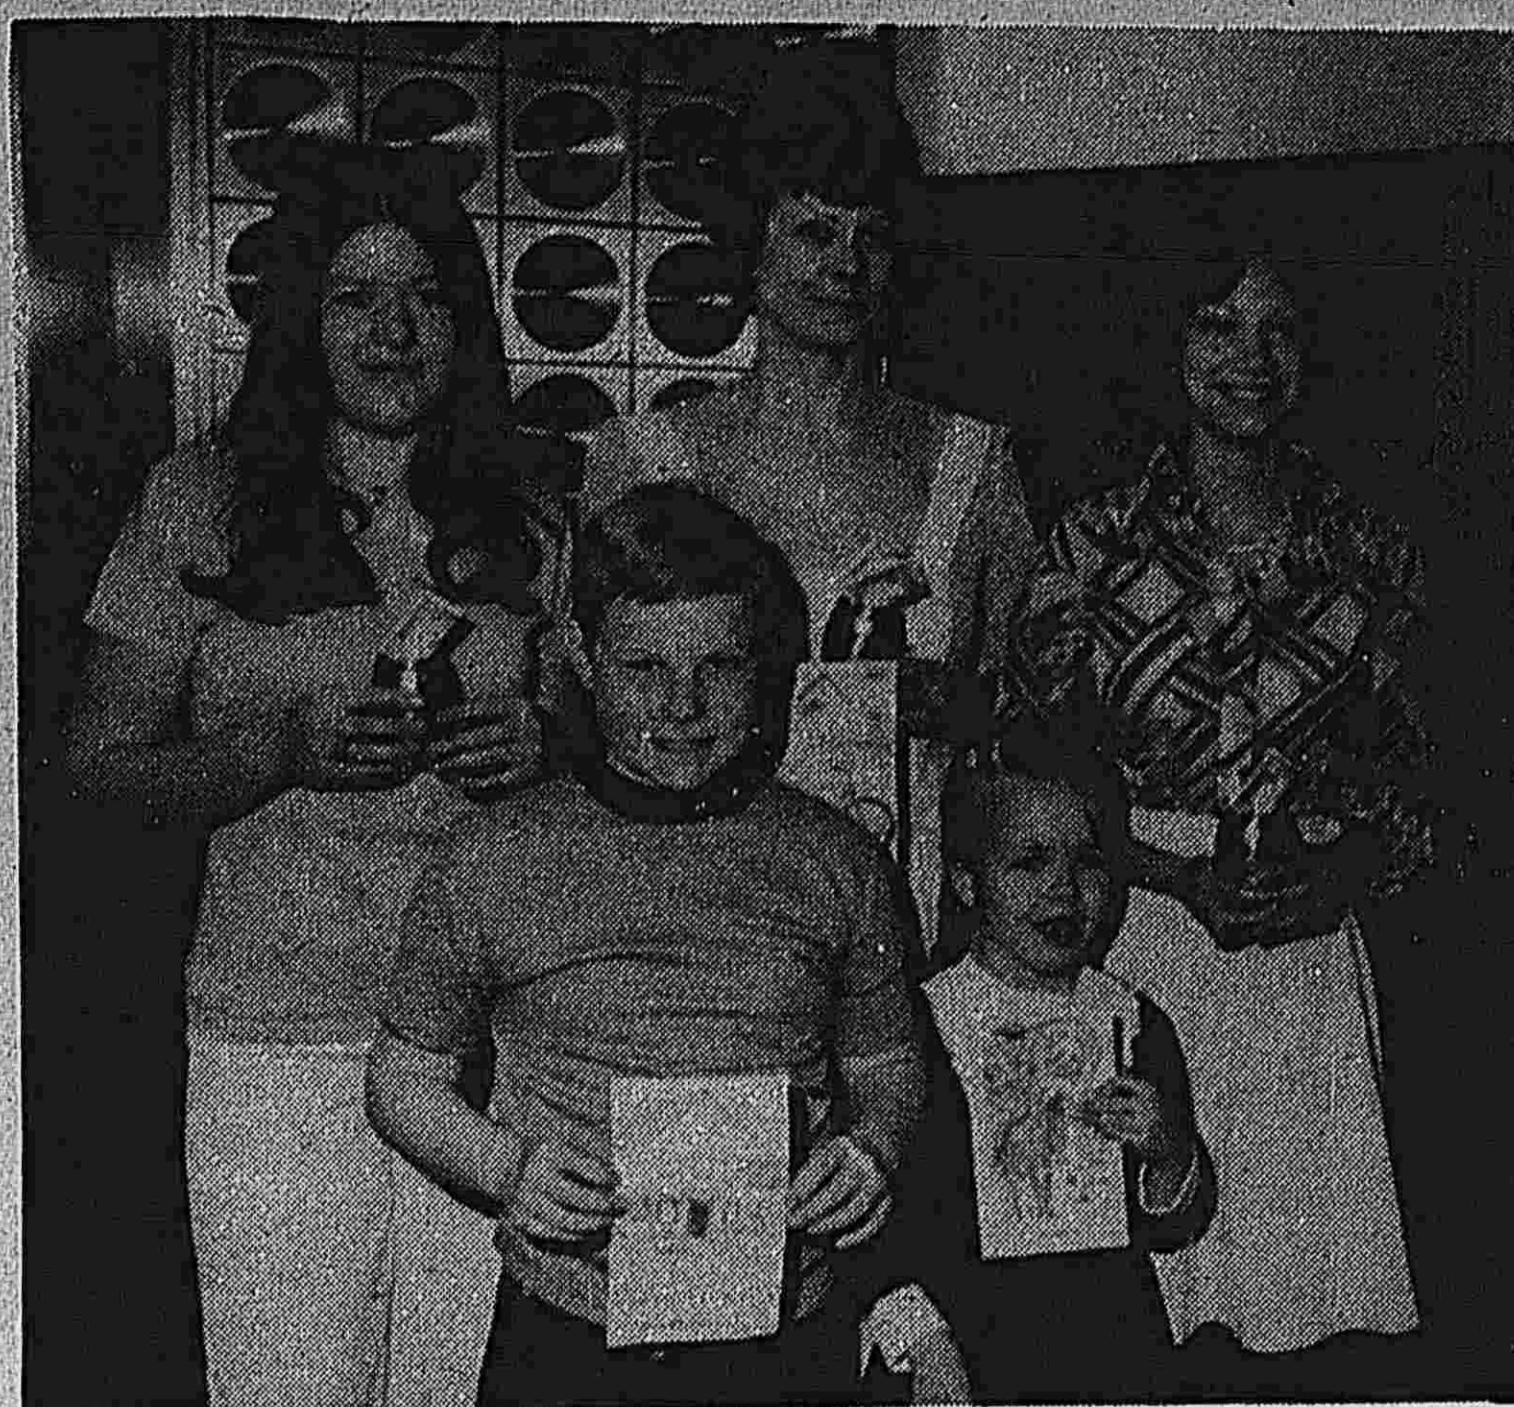

Newly-elected members Jimmy Quedenfeld and Homer (Sid) Parker were sworn in by attorney Ted Larson. They won

three-year terms in the recent election.

Quedenfeld then was elected secretary of the board.

A summer school band program was approved for a tuition fee of \$15 per student.

The grade school board will continue to meet on the second Tuesday and the last Thursday of each month.

EASTER COLORING CONTEST winners at the First National Bank received their prizes last weekend. First Row (from left) Tom Howes, Third prize winner, and Becky Lasco, second prize winner. Back row: Judge Wynn Vos, First National Bank representative Bonnie Eder and judge Kathy Stagg. Bonnie holds the first prize won by Ann Stramaglia of Franklin Park.

Fashions Are Casually Chic For Summer

PRAISE: "The sweetest of all sounds." Xenophon

The vacation season's the time to relax and this year's summer and resort favorites reflect the unwound look in super-casual T-shirts and sweatshirts.

T-shirts are long, long (down to the ankles) or really abbreviated, as in the latest midriff versions. They're topping shorts, skirts and pants in all colors and styles, like polo shirt designs, tank tops and pullover styles.

Sweatshirts, beloved of joggers and other weekend athletes, now have the blessing of fashion designers as they sport a brand new "chic" look. Over jeans and shorts, sweatshirts make good sense, and now

they look as great as they feel.

Vests, so popular this past season, continue right into summer by stripping down to a sleeveless look over the latest shorts or skirts, and are really put-together when matched up.

Pants go everywhere this season, but often with a difference. They're cut off at the calf, or even higher for short-shorts, may have drawstring bottoms for a harem look, are sometimes bermuda length, or gaucho-styled.

Madras, colorful and cool, is a favorite choice for summer wear. Smartly styled blazers and shirts will be topping casual pants

and skirts this season.

The strapless look is back, baring shoulders to the sun. Tube tops, jumpsuits and dresses alike will be going strapless at many a resort.

Sheers add interest to the casual summer scene, as voiles and other see-

through fabrics shape up in new jumpsuit looks, while gauze is everywhere.

Tunics top pants, belted or loose, for an exciting new proportion this season.

Jumpsuits favor elasticized waists, may be cut-off for a romper look this summer.

Old Farmer's Riddle: What President had false teeth made of ivory? (Answer below.)

Ask the Old Farmer: Could you tell me why they call them the "Horse" Latitudes? H.H., N.Y.C.

The Horse Latitudes are also called the Belt of Calms. Sailors on Spanish ships carrying horses to the New World centuries ago often had to kill their horses and throw them overboard because they ran short of water waiting for wind in these latitudes.

Home Hints: The next time you wash the cover of your ironing board, tack the cover on while it is damp and it will be a tight, smooth fit when dry... Riddle answer: At the close of the Revolutionary War, a French dentist made George Washington false teeth carved from rhinoceros ivory.

Rhythm Band Prepares for Annual Shows

By BETTY HOPE

Laura Young is a busy gal these days. In addition to teaching her many piano students, she has been rehearsing with the First Grade Rhythm Band of St. Peter's school for its program on Wednesday, April 28, at 8 p.m.

This is the ninth year that Laura has written, directed and accompanied this delightful show starring the boys and girls of St. Peter's first grade. Every year the Rhythm Band plays to a full house, which indicates it is a first rate production.

THIS YEAR'S show will feature an Easter Parade of Fashions with the girls modeling their mothers' dresses and

Easter bonnets.

There will also be several song and dance routines, as well as production numbers featuring marching formations. The children will provide their own music for some of the numbers, using miniature tambourines, trumpets, drums and glockenspiels.

In keeping with the bicentennial year, Laura has made new capes and hats (made from bleach bottles) for the children. They are, of course, red, white and blue. Materials for the new capes were donated by St. Peter's Women's Club.

KEVIN MULHERN will emcee the show as in past years. Laura is assisted in her direction of the program by Sister Sarah Braig.

The St. Peter's Rhythm Band show is an event you won't want to miss, so join in the fun next Wednesday evening in St. Peter's Social Center. There is no admission charge.

THE CHILDREN will present their show next Tuesday afternoon for members of the Antioch Chapter of Retired Persons.

On May 3, the children will brighten the day for the residents of the Terrace Nursing Home of Waukegan with the joy of their music and their shining faces.

Thank you, Laura Young, for your dedication to our youth, for introducing them to the sounds of music, and for giving them the opportunity to share that music with all of us.

Antioch Salutes Its 'Super Gals'

What is Secretaries Week? Sponsored by the National Secretaries Association, the annual Secretaries Week is April 18-24. National Secretaries Day is today, the 21st.

Since 1952, the last full week in April has been designated Secretaries Week to bring recognition to secretaries for the vital role they play in business, industry, education, government and the professions. Its purpose is to inform the public of the secretary's contribution to the educational, professional and civic growth of the community. It also serves to remind secretaries of their responsibilities to their employers and to their profession.

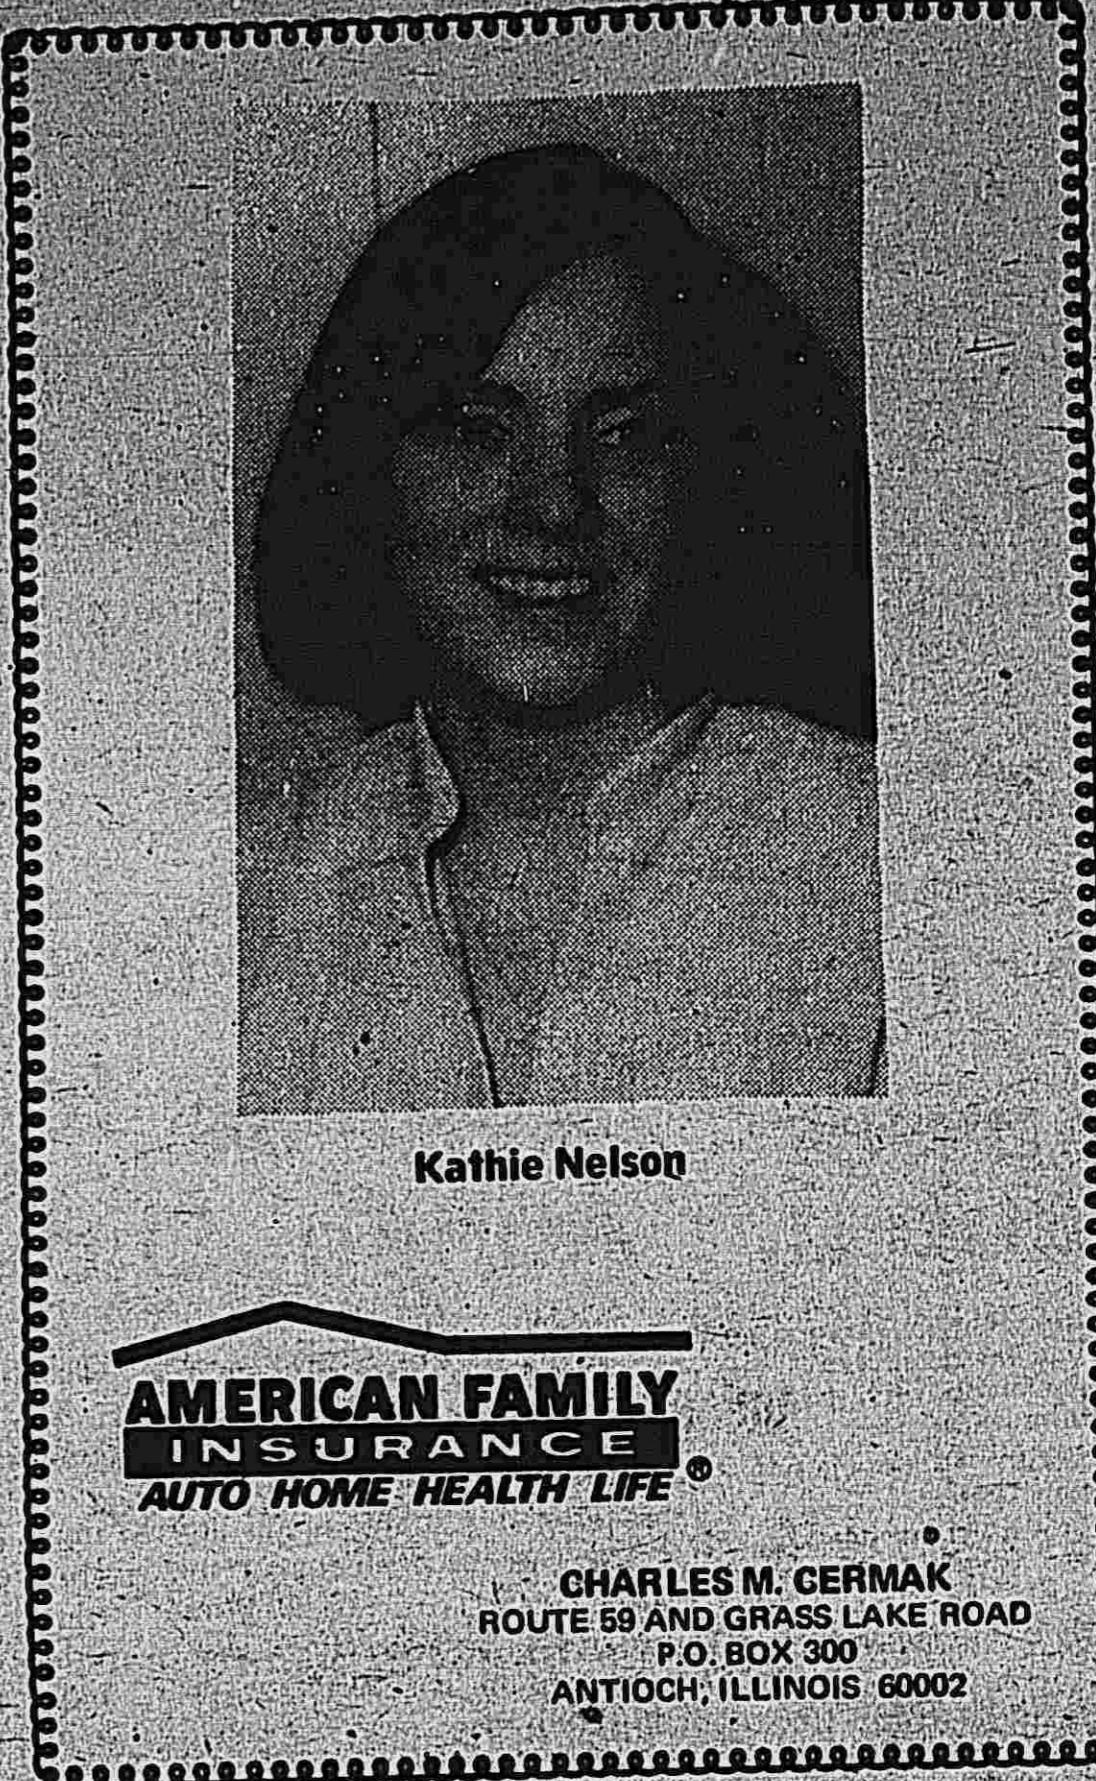

Patricia Bon

Patricia is Service Manager at the Jewel Food Store on Lake Street in Antioch. Her boss, Store Manager Joe Pieroni, salutes her this week for her secretarial skills and service manager efficiency, as well.

Cotillion Tickets On Sale

Tickets are now available for the Antioch Mental Health Cotillion to be held at the Abbey in Fontana, Wis., on Saturday, May 15.

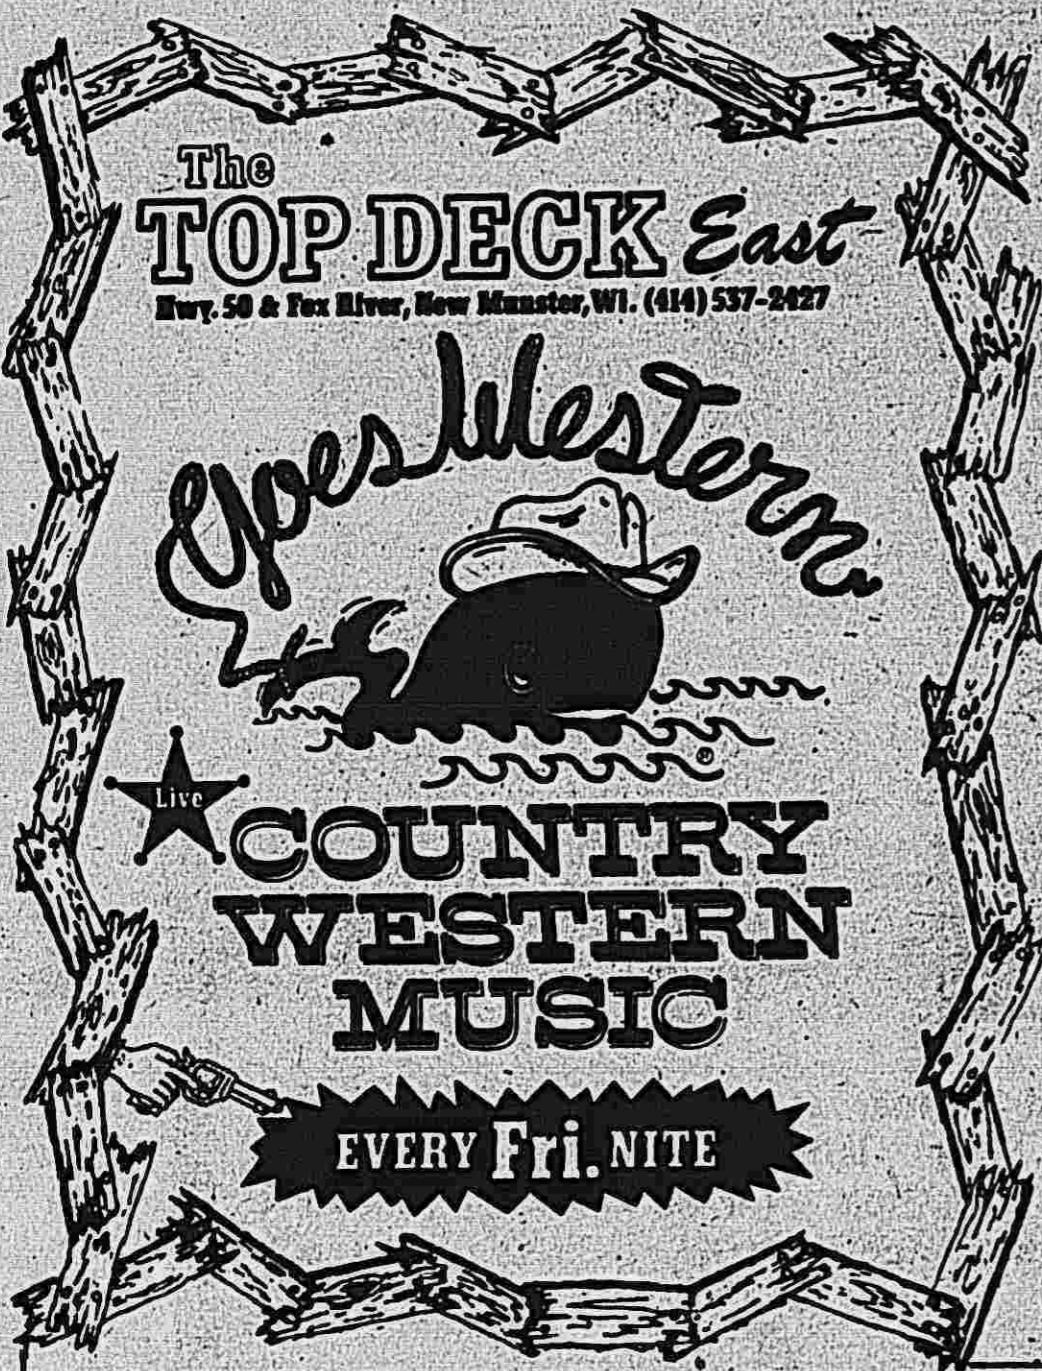

They are available from members or at the State Bank, First National Bank, the Savings and Loan, or at Lorenz's Smart Country House.

The Grove School for the exceptional child is one of the agencies that benefits from the Cotillion.

The Antioch Mental Health Association has supported Grove School for 10 years. A special project has been the therapy room. The women have also helped retire the mortgage held on the property and helped remodel classrooms.

The Cotillion, held every spring, has always been a success. This year's chairmen are Mrs. Ronald Anderson and Mrs. Ray Lorenz.

Tickets are \$15 each or \$30 a couple. Rooms are available at the Abbey for that night by calling the Abbey and saying you are with the Antioch Mental Health Association.

Astro-Analysis

By Sonia

ARIES [March 21-April 19] - Keep things moving at a progressive pace that leaves no idle time on hand. You can enjoy a more demanding lifestyle now.

TAURUS [April 20-May 20] - Remain conservative as emphasis continues to focus on money matters. Some revising of present plans may be necessary in order to meet obligations.

GEMINI [May 21-June 21] - People tend to be more cooperative and appreciative of your views. Don't hesitate to speak out on matters that are important to you.

CANCER [June 22-July 21] - Creating a more comfortable domestic atmosphere can be a stimulating experience. Shop for new gadgets that allow more convenience. Do some redecorating that improves.

LEO [July 22-August 21] - Distant places hold special appeal for you but be realistic before making a costly move. As views tend to be more philosophical now seek the companionship of those who agree with you.

VIRGO [August 22-September 22] - Conduct some indepth studying of all aspects of the situation before accepting a seemingly sound business offer. By studying details you can make a clear decision.

LIBRA [September 23-October 22] - Come to terms with mate on issues which need your joint support. By being cooperative chances are increased for getting things accomplished.

SCORPIO [October 23-November 21] - Concentrate on improving working conditions. A more harmonious relationship with co-workers and close companions can be enjoyed now.

SAGITTARIUS [November 22-December 20] - Contact the people who can help promote your inventive ideas. New ventures can be prosperous if good sound judgment is applied.

CAPRICORN [December 21-January 20] - Your positive attitude helps keep things running in a smooth fashion. Be congenial and understanding with relatives. Avoid unpleasant people who don't agree with you.

AQUARIUS [January 21-February 19] - You get the opportunity to form new friendships by circulating in the right places. Concentrate more on social activities to relieve tensions from work.

PISCES [February 20-March 20] - Hold on to the purse strings as you may have unexpected expenses to deal with. A good week to look into that business offer which could be prosperous.

ANTIOCH'S VILLAGE treasurer Shirley Gutowski (left) and village clerk Marilyn Sterbenz will model some of Phyllis McMillen's historical costumes for the Wauconda Township Republican Club Friday, Apr. 30, at 9 p.m. The event at Wauconda High School will be a bicentennial pageant. Above, Shirley poses as Debora Sampson, a patriotic woman who fought in the Revolutionary War, disguised as a man and calling herself Robert Shirtliffe. Her femininity was discovered by a doctor when she was wounded and she received an honorable discharge from Gen. George Washington. Marilyn is dressed as Lillian Russell, the country's leading glamor queen around the turn of the century. She was a famous ballad singer and her beauty remains an American legend.

Peter Rabbit has 967 delicious chocolate eggs in the basket. Randy and Kathy both guessed 965 eggs!

Grade School Bands To Perform May 2

The spring band concert of all Antioch Grade School bands will be held Sunday, May 2, at 3 p.m.

The event will be at the Upper Grade School and will last about an hour.

Bands performing will include the senior band, jazz band, fourth grade band, Upper Grade beginner band, intermediate band and junior band.

The hour of music will range from bicentennial selections to the "Rock Squad," featuring trap set drummer Dave Shapiro.

Tickets will cost 75 cents for adults and 25 cents for children. Those under 5 will be admitted free.

Calvin Knutson, Antioch, age 9; Marc Gantar, Waukegan, age 1 month; Ted Stankus, Trevor, age 4; Chris Sabar, Antioch, age 12; Tom Risch, Antioch, age 10; Marianne Hansen, Fox Lake, age 10; Chris McCormick, Salem, age 12; Dawn Arnestin, Lake Villa, age 4; Eddy Warner, Antioch, age 12; and Brett DeRousse, Antioch, age 6.

Reading Lab Helps Upper Grade Pupils

The Antioch Upper Grade School recently adopted the Urbana Junior High Reading Lab Program.

Eighty remedial students on the 6th, 7th and 8th grade levels are utilizing the Reading Lab. In addition to the remedial facilities of the lab, the sixth grade reading classes have access to the lab once a week for developmental reading.

THE ADOPTION of the Reading Lab is an outgrowth of the District 34 Title I reading program. In September of 1975, as part of the Title I program, the Gates-MacGinitie reading tests were administered district-wide to all students on grade levels 2 through 8. The bottom 25 percent of students on each grade level became a target group for further diagnosis of reading difficulties.

Each child in the lower 25 percent at the Upper Grade School took individualized testing administered by Mrs. Traut, District 34 reading specialist. The results were reviewed and each child's reading strengths and weaknesses diagnosed.

SUBJECT AREA teachers at the Upper Grade School were given results of the district-wide testing, and the results of the diagnosis of each of their students who fell in the lower 25 percent. Mrs. Traut conducted

a series of in-service meetings to inform teachers of testing procedure and the interpretation of test results.

The Urbana Junior High Reading Program is part of Title III ESEA, a state program that has been successful and is available for adoption by school districts that qualify.

Antioch Upper Grade School qualified for the program and received \$1,000 to be used to purchase reading materials for the initial set-up costs of the Reading Lab.

In addition to the funding of materials, Urbana trained five Upper Grade School staff members to operate the Lab. Mrs. Weick and Mr. Ochwat, two Reading-Language Arts teachers; Miss Warren, director of the Library Learning Center; Mrs. Bradley, an instructional aide; and Mrs. Traut attended the Urbana Reading Lab for a three-day training session.

The Upper Grade School Reading Lab has been in operation since January of 1976. Since that time it has been visited by several superintendents, principals and teachers from the Lake County area. The program is available to qualifying districts in Illinois. The Antioch Upper Grade Reading Lab has served as an example of the program in action.

MRS. TRAUT of the Antioch Upper Grade School, and Mrs. Kakacek, director of the Antioch High School Reading Lab, are working together to coordinate the Upper Grade and High School Reading Lab programs.

The two Reading Labs function under the same basic framework. Eighth graders will find an easy transition from Upper Grade to High School. Mrs. Traut and her eighth grade students will visit Mrs. Kakacek in the High School Reading Lab at the end of May.

Mrs. Traut and Mrs. Kakacek are presenting a program to the Lake County Curriculum Development Committee at Grayslake High School next Tuesday at 9 a.m. They will discuss the adaption and operation of their programs and how the two programs are coordinated.

OAKWOOD KNOTS NEWS

By JEANNINE LEONHART

Saturday will be a big night for residents of Oakwood Knolls and their friends. That's the night the spring dance committee will present "Happy Birthday, America" to be held at St. Peter's Social Center from 9 p.m. to 2 a.m., with music by "Just Us".

Tickets are still available at the State Bank, the First National Bank, or by calling Judy Phillips, 395-3270 or Jeannine Leonhart, 395-5499. Included in the \$4. donation is a "plenty good" buffet dinner and many door prizes.

As in the past, local merchants have been most generous in donating door prizes. Of extra special note are Charm-glow grills donated by Lyons-Ryan Ford and Teresi Chevrolet. With all the warm weather no doubt everyone will be looking forward to taking home one of these lovely prizes for their summer barbecues.

Other prizes include savings accounts at the State Bank, the First National Bank, a savings bond from Antioch Savings and Loan, bicentennial goodies from Strang Funeral Home, Quaker Industries, Wilton Electric, Foremost and Swan Liquor stores and gifts from all our local merchants.

All the committees have worked extra hard and feel that this will be a super evening honoring our nation's 200th birthday. Plan to attend.

Barb Johnson was hostess for a farewell party in honor of Chris Kellogg and her son, Chad, on Thursday, April 15. Among Chris's many friends and neighbors who bid her farewell were Elaine Weber, Sue Ploughman, Judy Phillips, Gail Grossi, Shelby Wais, Dolores Pittman, Mabel Lou Weber, Jeannine Leonhart, Darlene Gers, Judy Moffat, Donna Hynes and Jo Wegel. Four year old Chad spent his afternoon saying goodbye to the younger set - Elaine Johnson, baby John Wais, Jenny Jo

Leonhart and Shelly Ploughman. Chris, her husband, George, daughter Kerry and Chad will be leaving May 1 to relocate in northern Calif. We wish them the very best and will miss this hard working family.

Shannon and Shelly Ploughman had a special Easter celebration this year as their parents, Sue and Jim Ploughman hosted an Easter egg hunt last Saturday afternoon. With the cooperation of the weatherman, 18 little friends of the girls played games, had relay races, and hunted for eggs hidden by the Easter bunny in the Ploughman yard. Among the guests were Oakwood Knolls younger set playmates, Tracy Moffat, Chad Kellogg, Mary Ann and Kathy Czapiewski, Janie Yanca, April Kilman, Sharon Reeves, and all the girls of the first grade at St. Peter's school.

Moms' Chris Kellogg and Georgia Kilman were on hand to help out as the kids enjoyed bunny cake and Easter rabbit ice cream cone refreshments.

A special happy birthday to John Jedele who will be celebrating Saturday at the dance.

Belated happy birthdays are due Chris Kellogg and Bob Dow (who became legal age) on April 14, while Sue and Jim Ploughman and Chris and George Kellogg celebrated anniversaries on April 20. Glad to see neighbors celebrating on the same days!

Be sure and let me know the news - see ya' all at the dance.

NEWS OF YOUTH

YOUNG GARDENERS

Young people around the country are jumping on the vegetable wagon and joining their parents in what is becoming a popular pastime, vegetable gardening.

Why? It's certainly not hard to do. All you need are just about the same conditions required for growing flowers—six hours of sun a day and a fairly good soil with good drainage.

Youngsters are learning the basics of vegetable garden care. For example, they're discovering that it's usually best to place the vegetable garden behind a garage or screen it off from the remainder of the garden with a shrub border, a hedge or an attractive fence. This also keeps out children and animals.

TOP PRIZE WINNERS at the Jaycees' Bicentennial 'Las Vegas Night, Apr. 10 at St. Peter's, received their awards last Saturday. THE NATIONAL BUSINESS Honor Society held installation ceremonies at Antioch High School. From left: Miss Dora Beattie, sponsor of the event; Thomas Kelly, president of the Antioch Savings & Loan Association, who was guest speaker; Deborah Pederson, business education teacher Douglas Johnson, and Julie Kiemle. Deborah and Julie became active members of the society along with Dawn Chinn, Julie Dye and Gall Jordahl. Twenty-seven other students became probationary members.

Jones, Young Star At Waukegan Track

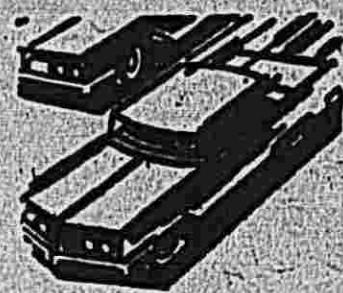

Ray Young and Tom Jones served notice last weekend at the Waukegan Speedway that they will be the drivers to contend with in the race for the 1976 driving crown.

Young, two time Waukegan champion, held off Jones Saturday night before a large crowd to win the 50-lap spring opener. A record 67 cars entered under ideal weather conditions.

Sunday, the story was a little different as Young appeared to be headed to a clean sweep when Jones showed up late at the track after working on his car most of the night.

Following a light rain, the 30-lap feature was lined up with Jones clear to the rear. Young swept into the lead on the 8th lap, but had to settle for second after Jones raced by on the 23rd lap.

Third spot in Saturday night's feature went to Carl Major, followed by Larry Schuler, Tom Urban and Rich Sundling. The order of finish Sunday was

Jones, Young, Schuler, Sundling, Major and Bob Dotter.

Joe Guzzo wheeled his Ford hobby stock to two impressive wins in that slam-bang division to move into the point lead.

Racing returns to Waukegan this weekend at 8 p.m. Saturday and 2:30 p.m. Sunday. Qualification runs start 45 minutes earlier.

Along the way with ANNIE MAE

So that Antioch can be decorated in a uniform, patriotic theme this summer for the bicentennial, the Chamber of Commerce is offering several types of building decorations (intended for outside use) - all in red, white and blue and made of plastic or cloth.

Installation is also available, at additional charge, if you do not wish to hang the decorations yourself.

Decorations will be displayed from Memorial Day to Labor Day.

Samples of the decorations will be on display at B.J.'s Fashions for Men and Four Squares.

The order deadline is next Monday, so please call the Chamber office, 395-3381, and a representative will visit you in person.

LOTS OF FUN is expected at

Grass Lake School Sunday when the students hold their pet show at 2 p.m.

Ribbons will be presented for dogs, cats and other pets. A "best of show" trophy also awaits the owner of one of the animals.

Local pet shops will provide the judges and the school's superintendent, Gene Paulausky, will be the emcee. Donations have been made by food stores and manufacturers of pet foods.

Now, if they can just keep those dogs and cats separated.

WILL THE membership chairman of the senior citizens group please take note.

A prospective member will be eligible on May 1. This distinguished woman on that date will have attained the grand old age of 40. She has displayed faithful, subservient service to her husband, two children and the LCYC. More information is coming in next week's Antioch News.

Driver-Ed Program Set For Summer

Antioch High School district residents between the ages of 16 and 21 are eligible for the summer driver education program.

The course is being offered starting Tuesday, June 15, and ending July 30.

Students at the high school can enroll the week of April 26 in the commons each period of the day. Other district residents between the ages of 15 1/2 and 21 can enroll by reporting to the student personnel attendance office between 8 a.m. and 4 p.m. from May 3 through May 28.

All those enrolling must complete the application data sheet and receive the rules and regulations for summer driver education in order that state materials may be processed.

Students going to camp or vacation between June 15 and July 30 should not enroll.

The driver education course offered at the high school is a four-part program. The student receives 30 hours of classroom instruction, 7 hours of resource work, 12 hours of driving simulation, and 3 1/2 hours of on-the-street instruction in a 1976 model car furnished by Lyons-Ryan Ford and Teresi Chevrolet - Oldsmobile.

Safety Measures More Needed than Ever, Now

It's that time of year, when the kids start dragging out that battered-but-still-inflatable raft... when Dad starts poring over road maps... and Mom tries on last year's swimsuit with a critical eye.

Along with the good times warm weather brings, come the increased possibilities of accidents. Each year thousands of persons require emergency treatment for injuries around swimming pools, and every parent knows that bicycles, used increasingly for recreation at vacation time, can be hazardous.

Observing basic safety rules can go a long way toward making your vacation season accident-free.

If your family has access to a pool, make sure that there is always an adult supervising, while the pool is in use, and make it a rule that no one swim alone, ever.

Make sure that first aid and rescue equipment are always on hand, and divide deep from shallow end of pool with a float line.

Keep electrical appliances away from pool area, and make sure your swimming pool fence is in good repair. It should be high enough so that it is not easy to climb, with a gate latch that is out of reach of small children. Have a list of safety rules posted in the immediate vicinity of the pool, and keep a life preserver or a long pole in full view at all times.

If you have a small plastic pool in your yard, keep it empty and turned over when not in use.

Children's play equipment should be checked for rusted chains, frayed ropes, loose nuts or bolts, and other safety hazards.

When barbecuing, don't squirt liquid fire starter directly onto burning coals. Liquid should be poured on and allowed to soak in, around 20 minutes ahead of time, then lit with long wooden matches. After

summer fashions

While the emphasis may be on casual wear during summer months, ladies like to "dress up" too, on special occasions.

For those warm-weather dances or parties, fashion designers have created a romantically pretty look this season.

Dresses and skirts are floaty, flounced and feminine, in cool white cotton, sometimes colorfully embroidered. Tiers all the way from the bodice to the hemline, smocked waists and pinwheels with ruffled hems are some of the looks that will be favored at the country club or patio parties in the coming season.

you've finished barbecuing, be sure fire is out and coals are cool before dumping ashes.

Check your youngsters' (and adults') bicycles before going biking, making sure that seat, handlebars, and brakes are properly adjusted. Wheel reflectors, head and tail lights are "must" equipment after dark. Bright clothing

should also be worn by bike riders after dark for maximum visibility.

Safety precautions such as these, plus instructing youngsters in the rules of the road, can make biking an enjoyable, accident-free experience for all concerned.

Have a fun — and safe — summer!

Sets Record at Lake Geneva

Dave Watson of Beloit last weekend added to the two 30-lap feature race wins he scored in 1975 at the Lake Geneva Raceway. He not only scored a sweep of the late model stock car events, but set a track record in qualifying.

Watson drove the Nielsen Enterprises Camaro from Lake Villa in the first under 17-second time trial run as he blistered the flat asphalt oval quarter-mile in 16.73 seconds.

John Baumeister, Burlington, won the 15-lap semi-feature and a 10-lap heat race in his 1969 Camaro.

Bart Reinen, Lake Mills, won

the sportsman stock car feature over Lake Geneva's Terry Blakey and 1975 defending champion, Roger Meyer.

Spectator stock car winners were Tom Mack and Dan Lehman, both of Burlington.

All three classes of cars return to the Raceway this Saturday night. With the late model stocks on Saturday night, May 8, will be the new Mini-Indy cars which have been on display during the racing programs.

LAST SATURDAY, Jack Ester of Antioch was fifth in qualifying times among the late

models.

Dane Lulling of Trevor placed third in a 10-lap heat race and second in the 15-lap semi-feature.

High Absenteeism

Despite hard times for employees in the auto industry during periods of heavy layoffs, absenteeism is still a major problem.

Leonard Woodcock, president of the United Auto Workers, has stated that the union will have to take a larger role in combating absenteeism but he admits that discipline seems to have no effect and persuasion may not work.

During the years from 1970 through 1975, absentee rates have dropped a few tenths of a per cent but remain very high. Absenteeism creates problems in production and quality and is also resented by employees who work regularly.

With Monday and Friday the high absentee days, 10 to 15 per cent, one plant has recruited 120 college students to fill in on those days.

Defense: What's the Score?

The Soviet Union's military technology is surging at an alarming pace. It threatens to wipe out the long-enjoyed U.S. technological edge, the major deterrent to Soviet aggression because budget considerations make it impossible for the U.S. to match the USSR's massive numerical weapons strength.

The threat is a matter of immediate concern, a top Pentagon official has advised Congress. The Director of Defense Research and Engineering, Dr. Malcolm R. Currie, warns that "the Soviet Union can achieve dominance in deployed military technology in the 1980s."

The U.S. research and development program is by no means stagnant. It continues to show solid gains in terms of very advanced weapons systems. There has been steady improvement in R&D management and the nation is getting a better return per dollar invested. And Congressional support in recent years has halted the R&D funding decline of the last decade.

Yet, on a relative basis, the U.S. is on the decline. A decade of determined Soviet research and development effort has sharply narrowed the technological gap. At the same time, the USSR has made enormous strides in producibility and it is deploying new, high-quality weapons at a rate the U.S. cannot hope to equal. Summing technology balance and the direction it is heading, Dr. Currie makes this statement:

"The trends with respect to the Soviet Union are especially sobering and portray a potentially grave situation in the mid-1980s . . . The acceleration of technological change has increased the danger of technological surprise. The possibilities of surprise are numerous and staggering. The consequences of surprise could be disastrous."

Dr. Currie hastens to add that he is not flatly predicting that the Soviets will take over the technology field, only that it could happen. If we let it. But the trend can be turned around "if we maintain an appropriately strong program of our own with a sense of long-range commitment."

The Pentagon R&D boss outlined to Congress the "appropriately strong program." It requires a continuing high level of funding for defense research and development coupled with maximum efforts to get the greatest output for the investment. His program for the coming fiscal year includes continuance of major projects initiated in earlier

Sequoit '9' Shares Lead

Antioch High's varsity baseball team stayed tied for the conference lead during the weekend, splitting a twin bill with Warren.

Keith Evanson pitched Antioch to a 5-4 victory in the opener, but the Sequoits lost 9-3 in the second game.

Antioch has a 4-2 record and shares the lead with Grant, Lake Zurich and Grayslake.

Mitch Witt singled in the 10th inning to help give Antioch its win over Warren. He then scored on a single by Paul Petty.

Antioch Sophs Are 5-1 Now

The Antioch sophomore baseball team boosted its conference record to 5-1 Saturday, sweeping the visiting Warren Blue Devils 3-1 and 8-2.

In the first game the Sequoits started scoring in the third inning. Tom Dixon led off with a single and was tripled in by John Eder.

They again scored in the fourth and sixth innings and allowed Warren but one run. Kenn Rosenbrock went the distance, finishing with eight strikeouts while allowing just five hits.

In the second game the Sequoits started their attack in the first inning. Tom Dixon led off with a walk, followed by

John Eder's single. One out later, Jim Gutowski singled both runs home.

In the second inning a single by Keith Rezin, a fielder's choice, a walk and an error enabled the sophomores to score another run.

In the fifth the Sequoits started their attack with one out as Randy Leland doubled and was followed by a single from Bill Dubek, a triple from Rosenbrock, and another single from Rezin, combining for three runs. In the sixth Dubek doubled to drive in the final two Sequoit runs.

Dubek turned in a fine pitching performance, striking out 11 and giving up seven hits.

Coach Harold Abramson said it was the finest performance given by both pitchers this year. He also was pleased with the defensive play of the young sophomore team, giving special praise to shortstop Brad Masopust.

Defending Kenosha County Speedway super-modified stock car champion Dick Colburn, Muskego, added to his 11 feature race wins in 1975 as the 1976 season opened at Wilmot last Saturday night.

The feature win was his second visit to the victor's circle as he also won an earlier 10-lap heat race.

Until the last five laps of the 25-lap distance in the feature, Colburn was pressured by Dave Bliss.

Bob Robel, Oconomowoc came from the back to finish third.

Other heats were won by Robel and Gene Pennington, Waukegan. Jimmy Hedges, Kenosha, collided with another car at the start of the second heat race and went into a series of end-over-end flips and rolls before his car stopped on its wheels. Hedges was conscious but could not respond to questions from the medical staff and left the grounds in the ambulance for the Burlington Hospital. However, prior to arriving at the hospital, he fully regained his senses and demanded to be returned to the track where he entered the feature race but failed to finish in the top 10.

The sportsman stock car portion of the program was a thriller as the lead changed four times on the last lap of the 15-lap feature. Don Collins, Antioch, took his Dodge Charger to the outside and edged ahead on the backstretch. But Sid Norton, McHenry, had shot into the lead on the inside. Collins was out-of-control and slid to the inside where he and Norton collided, forcing the Norton car out on the fourth turn. Jeff Hutchinson then got the checkered flag. Collins recovered to finish fifth. He had been the fastest qualifier at

Little League Tryouts Begin Here Saturday

Antioch's annual Little League baseball tryouts are scheduled this weekend.

Nine-year-olds will try out at 9 a.m. Saturday and 10-year-olds at 1 p.m.

On Sunday, 11 and 12-year-olds should be at the Little League field at 1 p.m.

"We still have 32 openings for the minor league program," said Bernie Gutowski, league president. He said candidates can sign up at the village hall before the tryouts or call him at 395-0864 after 5:30 p.m.

Gutowski said that an official scorekeeper and announcer is being sought. Anyone with some knowledge of scorekeeping procedures can call him.

Tryouts for Babe Ruth teams are scheduled at 1 p.m. on Sunday, May 2, at the high school field. Boys who were on

teams last year must be signed up before that date.

Colburn Wins Wilmot Feature

20.81 seconds.

Racing continues at Wilmot this Saturday night with gates opening at 6 p.m. and the first race at 8.

IN THE sportsman division, Tom Homan of Antioch was

seventh in the 15-lap feature and Chuck Ostergaard of Antioch was eighth. Another Antioch racer, John Dost, placed 10th.

Ostergaard won a 10-lap heat race and had the third fastest qualifying time.

PERSONAL

To Jim Means:

We have to claim a foul. Our committee was in Jim Means' establishment to discuss the final terms of the shoot.

During the course of the evening somebody was putting alcohol in my grape juice and enticed me to play pool and whatnot. Sometime during the discussion Mr. Means slammed the door upon my hand and broke same.

If he did this just to save the \$50, my lawyers have informed me that under the Dram Shop Act that pertains to alcoholic establishments we definitely have a lawsuit commencing for \$50.

Even under this tremendous handicap, with a cast on my shooting arm, Mr. Brooks and I fully intend to go through with the shooting match on May 2nd.

We feel that we have given you enough handicap, letting you pick the umpire (Ernie

DiLabio) who was at your bar the same night my hand was broken and that he did not pay for any drinks at all. We therefore consider he was being bribed and this fact, along with the broken hand, is more than enough handicap even for an amateur like you, Jim Means.

YOU HOLD THE KEY

Few people ever think about "free enterprise," yet the words pay much deserved tribute to the American spirit.

The dictionary defines enterprise as a project or undertaking that is difficult, complicated or risky; a readiness to engage in daring action.

Freedom of enterprise, then, is the freedom to take a risk to receive a reward or to achieve a goal. For example, people invest their dollars in business as risk capital in the hope of making a profit. What better words are there to describe the history of America and Americans? Ever since the first Europeans risked life and limb to come here, millions of Americans have exercised this freedom and taken risks in the hopes of improving their lives.

As a result, each year brings more products and services to make our lives easier, longer and more enjoyable, and each one means a multitude of new jobs. All this happens because our spirits still crave the challenges and rewards offered to us only by the free enterprise system.

campers discover that there's more than one way to "rough it"

Camping is fun, economical, easy, and a great way to enjoy the environment and communicate with nature! You've heard it all before. But, you insist to the camping enthusiast, you like indoor plumbing and don't enjoy sharing your bed with insects.

Camping can mean sharing the hard ground with the native fauna, sleeping under a canopy of stars and cooking fresh fish over an open campfire. Or, you can sleep in a comfortable bed with your electric blanket and heat frozen dinners in the oven of the stove in your motorhome.

Camping is everything to everyone, but unless you want to, it no longer means "roughing it" when you camp out. Sleek motorhomes designed with custom interiors offer you all of the comforts of your own home in a more compact space. Motorhomes have showers, flush toilets, beds, refrigerators, stereo systems, television, electric ranges and wall-to-wall carpeting. To some people, this is roughing it... really communicating with nature, when the motorhome is parked in a campground!

On the other hand, you have the purist who wants to get away from civilization by hiking into wilderness areas carrying all of his or her supplies in a lightweight backpack mounted on an aluminum frame. This, says the backpacker, is the only way to really communicate with nature, meeting it on its own terms. The backpacker cooks freeze-dried foods or eats wild food and freshly caught fish cooked over an open fire or on a small packer's stove the size of a soup can. The backpacker sleeps in a warm, down-filled sleeping bag, using only a tube tent for protection during a rainstorm. Of course, the freeze-dried foods can be of gourmet quality when mixed with fresh water from a nearby stream, the air is clear, free from carbon monoxide exhaust fumes and the backpacker is completely free from all electrical appliances, including radio and television.

motorhome and the backpack are the tents, tent-trailers, campers, vans and mini-motorhomes known collectively as recreational vehicles. Most families who enjoy camping own a tent or a camper mounted on the bed of a pick-up truck. They have portable butane or propane campstoves, cots or air mattresses to place under sleeping bags and an assortment of fresh and packaged food items. They pitch their tents or park their rigs in national parks or forests, state parks and private campgrounds throughout the United States and Canada.

Most campgrounds are located in or near popular recreation areas in the mountains, or by lakes, rivers or the seashore. Campgrounds usually have flush toilets, showers and picnic facilities. Some private

campgrounds offer swimming pools and recreation rooms complete with color television! All private and developed public campgrounds have running water and electrical hook-ups for recreational vehicles which need them for running appliances and utilities. More primitive campgrounds have only chemical toilets and fire pits.

It is possible today to camp-out on your own terms, enjoying any degree of comfort you desire. If you have not tried camping, give it a try this summer at your favorite resort area. It is still a great way to enjoy the environment!

If you go only once round the room, you are wiser than he who sits still.

Glass Recycling Is Paying Off

Recycling centers of Owens-Illinois, Inc., the nation's largest glass container manufacturer, purchased more than 262 million glass containers from the public for recycling in 1975 — enough to fill more than 2,600 railroad freight cars. (A 40-foot rail hopper car holds about 25 tons of uncrushed glass containers.)

In return for the waste glass, environmentalists throughout the U.S. were paid more than \$1.3 million for their efforts.

Owens-Illinois operates a network of 20 collection centers at its glass container plants across the country. The centers pay the public anywhere from \$20 to \$30 per ton for waste glass.

The glass container industry as a whole collected well over 1.1 billion containers last year, up substantially from 1974's record levels. Since the industry began its bottle buy-back program five years ago, civic, church, fraternal and environmental groups have collected about \$25 million from the more than 90 public glass collection stations operated by glass container manufacturers located throughout the U.S.

OBITUARIES

GEORGE J. WIEDERHOLD, 77, of 441 Orchard Street, Antioch passed away suddenly from a heart attack on Monday, Apr. 12 at Silver Cross Hospital in Joliet.

He was born May 27, 1898 in Chicago and resided there until moving to Antioch in 1958.

Mr. Wiederhold is a member of St. Peters Catholic Church of Antioch, and the Berwyn Post No. 422 of the American Legion. He had served in the U.S. Navy during W.W. I.

He retired in 1960 from Chicago Main Post Office as a mail clerk. He was preceded in death by his wife Edith on Sept. 9, 1964.

Survivors are one son, LeRoy (Alice) Giroux of Lockport, one sister, Mrs. Mildred Hansen of New Orleans, La., and 11 grandchildren.

Funeral services will be held at 11:00 a.m. Thursday at the Strang Funeral Home in Antioch. Rev. Francis Johnson of St. Peters Church will officiate. Interment will be in Mount Carmel Cemetery at Antioch. Friends may call after 3 p.m. Wednesday at the funeral home.

MRS. ELSIE L. HAYS, 86, of 1506 Dering Lane, Lake Villa passed away on Apr. 17 at Victory Memorial Hospital.

She was born Oct. 10, 1889 in Chicago, moved to Antioch in 1934 and to Lake Villa in 1961. She is a member of the Antioch Chapter No. 428 Order of Eastern Star.

She married Earl J. Hays D.O. on May 26, 1920 in Chicago

and was preceded in death by him on Jan. 18, 1975.

Her only survivor is one brother Bradley (Lillian) Hatton of Thousand Oaks, Calif.

Funeral services will be held at 1 p.m. Wednesday at the Strang Funeral Home in Antioch. Rev. Robert Brown of the Holy Family Episcopal Church at Lake Villa will officiate. Interment will be in Montrose Cemetery in Chicago. There was an O.E.S. service on Tuesday at the funeral home. Memorials may be given to the Lake Villa Rescue Squad or the Masonic Temple Building Fund in memory of Mrs. Hays.

MR. GEORGE T. ATKINSON, 50, of 887½ Main Street, Antioch passed away on Apr. 18 at St. Therese Hospital from injuries received when he was struck by an automobile on Rt. 83 at Loon Lake.

He was born Feb. 8, 1926 in Amboy and resided there until moving to Antioch in 1968. He is a member of Antioch Loyal Order of Moose Lodge No. 525 and had been employed for the past 5 years at Picard Inc. in Antioch.

Mr. Atkinson was preceded in death by one brother, William Atkinson in 1966.

Survivors are two sisters, Mrs. Catherine Kloth of Antioch, Mrs. Iola (Kenneth) Plume of Amboy, two brothers, James Atkinson of Antioch and David (Zeta) Atkinson of Amboy.

Funeral services will be held at 11 a.m. Wednesday at the Strang Funeral Home in Antioch. Rev. Philip O. Laurin of St. Stephens Lutheran Church will officiate. Interment will be in Hillside Cemetery at Antioch. Memorials to the Antioch Rescue Squad would be appreciated.

years, advancing certain new projects to full-scale development status, and exploration of a wide range of new concepts that may result in still more advanced weaponry some years down the road.

"I know that we are capable of producing better aircraft, better electronics and more accurate weapons than the Soviets," says Dr. Currie. "I believe that the trends in technology balance can be altered in our favor, because we have the vitality and the leadership to accomplish this. But doing so will inevitably require investment. With guidance and support from the Congress, we will be able to minimize the impact of the Soviet challenge to our national security."

Happenings

THE LAKE County Model Railroad Club will hold its fourth annual Open House on Saturday and Sunday. The club is building one of the largest HO gauge model railroads in the midwest.

Several trains will be operating simultaneously during the hours of the open house, 10 a.m. to 8 p.m. both days.

Admission is free. The club is located in the basement of 107 S. Main Street in Wauconda, under Peri's Dress Shop. Entrance is at the rear of the building.

MONROE BORN

James Monroe, fifth president of the United States, was born in Virginia April 28, 1758.
